WORK EXPERIENCE

Personal and Career Development

Jan 2023 — Present

- I was unable to work for several months due to a serious injury, but I keep leading projects as a UX designer and e-commerce websites. I also have my own business.

UX Web Designer - Grupo Diverscan

May 2022 — Sept 2022

- I worked as a Webflow developer building site structures, designing the look and feel, animations, and custom code. I also worked on a wide graphic projects and media using various software programs.

UX/UI Web Designer & Technical Support - Universidad San Marcos

Jun 2020 — Jun 2021

- Worked in UX/ UI Design redesigning the university courses platform and implementing a new adaptive responsive design at the LMS platform. I also worked as a technical support for students.

Graphic Designer - Insomnio

Aug 2017 — May 2020

- Worked as Graphic Designer and e-commerce Developer. I also worked in events and as a sales clerk. I still give technical support to them.

Junior Front End Developer - MB Solutions

Jun 2015 — Jun 2017

- Developed high-quality and innovative, User-Friendly, responsive sports-related website applications. I also worked as a graphic designer, creating banners and animations.
